

## The Story

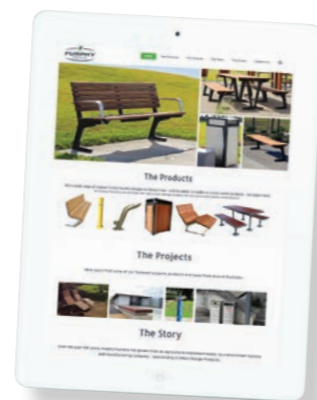

As one of Australia's oldest companies, Furphy Foundry is proud of its heritage and a strong dedication to producing excellent products has always been paramount. Furphy Foundry's commitment to manufacturing such high-quality products was first summarised in 1910 when company founder, John Furphy inscribed the following words on the cast ends of a Furphy Water Cart:

"GOOD, BETTER, BEST - NEVER LET IT REST - TILL YOUR GOOD IS BETTER - AND YOUR BETTER, BEST."

celebrating **150** years

The Streetsmart Litter Receptacle

## Litter & Recycling Receptacles

We have applied 150 years of manufacturing experience into creating Australia's most diverse range of litter and recycling receptacles for public use. Designed foremost to provide a practical and effective solution to managing waste, the Furphy Foundry range of designs will compliment a diversity of park and urban environments.

The option to customise the colours, materials used and finishing options allows the Furphy Foundry range of Litter & Recycling Receptacles to fit into any Australian public environment.

## Corio Litter & Recycling Receptacle

The Corio Litter & Recycling Receptacles are sturdy and stylish products designed to withstand public use, made from Mild Steel, the Corio is distinguished by its unique punch perforated panels.

## Metro Litter & Recycling Receptacle

Our Metro Litter and Recycling Receptacles are popular, simple and very effective products which have been created specifically to suit modern urban or park environments.

## Streetsmart Litter & Recycling Receptacle

A clean and practical design, these waste disposal units are versatile in terms of finishing options while still maintaining the key practical attributes required of a bin.

Throughout the past 150 years, we've developed a strong commitment to producing quality products. The core culture of our modern business revolves around this commitment, and we look forward to carrying on our proud history for many years to come.

All of our products are manufactured under an ISO9001 Quality Management System.

## Avenue Litter & Recycling Receptacle

Highly configurable, our Avenue Litter & Recycling Receptacles are versatile, effective and well-built products. Available with mild-steel or stainless steel framing and hardwood timber or steel slats.

## Fulcrum Litter & Recycling Receptacle

Designed and manufactured here in Australia from cast aluminium and stainless steel panels, the Fulcrum litter receptacle is a versatile and stylish addition to any public space.
