The Story

As one of Australia's oldest companies, Furphy Foundry is proud of its heritage and a strong dedication to producing excellent products has always been paramount. Furphy Foundry's commitment to manufacturing such high-quality products was first summarised in 1910 when company founder, John Furphy inscribed the following words on the cast ends of a Furphy Water Cart:

"GOOD, BETTER, BEST - NEVER LET IT REST - TILL YOUR GOOD IS BETTER - AND YOUR BETTER, BEST."

Available in a range of configurations and colours, our range has been tried and tested in real Australian environments. The designs we offer today reflect years of real use and feedback - resulting in a highly effective, long-lasting product.

Square Tree Grates

Our range of Square Tree Grates come in a wide variety of configurations, including the option for customisation. Made from cast-aluminium (standard) and also available in mild steel.

Circular Tree Grates

Our Circular Tree Grates come in a wide variety of configurations, including the option for customisation. Made from cast-aluminium (standard) and also available in mild steel.

Pipe Line Tree Guard

Designed in a cylindrical shape (made in two parts for ease of storage and assembly) - the Pipe Line Tree Guard is an effective tool for managing plants and trees in public spaces.

Throughout the past 150 years, we've developed a strong commitment to producing quality products. The core culture of our modern business revolves around this commitment, and we look forward to carrying on our proud history for many years to come.

All of our products are manufactured under an ISO9001 Quality Management System.

Steel Slatted Tree Guard

Made from mild-steel, the Steel Slatted Tree Guard is manufactured in two halves for easy re-use and storage. Ideal for a variety of flora, this tree guard surround can also be customised.

Square Line Tree Guard

An attractive design, manufactured from mild-steel, the Square Line Tree Guard serves its purpose of protecting trees from vandalism and wear and tear while maintaining a quality aesthetic.
